ANY OF THE SESSIONS CAN BECOME A ONE WEEK SESSION BY COMING 4 CONSECUTIVE DAYS. MOST SESSIONS CAN BE TURNED INTO A MORNING SESSION, PROVIDING AN ADEQUATE NUMBER OF STUDENTS ENROLL SOMEWHERE. My classes are a great alternative to HOT summer afternoons inside or an overload on sports activities. COME! PLAY WITH CLAY!

All of us need art. Our young people need art to express their feelings and emotions now more than ever.

Clay is a favorite medium for students - I don't know why, THEY JUST LOVE IT! And clay is a wonderful alternative to television and computers.

An enjoyable, creative atmosphere is provided in which students can produce fun clay art objects. My classes are designed to inspire imagination and creativity without competition between students; therefore, there is no stress. The classes provide a safe, playful environment for expression.

The age levels (above kindergarten) are mixed with good reason. There is no competition between peers and students are encouraged to work on their own level on individual projects. Middle and high school students are welcome and will enjoy these classes, too.

We meet four times during a two-week period, where we emphasize creativity and refining style. Clay, tools, and firings are included in the cost of classes.
